Maxtor OneTouch™

Simple

Every time you create a memory, after every job well done, simply press the Maxtor OneTouch button to make a copy. Or, schedule regular backups of your entire system using our easy automated backup feature.

Secure

It's not just data. It's personal. Keep it private, and secure, with Maxtor DriveLock™. Just set a personal password to be sure that you're the only one with access to your files.

Storage

Whether you're dealing with photos, videos, music, games, or work files – there's room on the Maxtor OneTouch. Back them up and keep them secure with the push of a button.

Windows user interface shown. Mac interface will differ.

Our new, easy-to-use software lets you set up and schedule backups, retrieve lost files, and keep your data secure with the click of a mouse.

Schedule regular backups, set your preferences, and retrieve your backup files.

Optimize your drive's performance, manage your power settings, and customize your Maxtor OneTouch button.

Secure your files with Maxtor DriveLock™. Just set a personal password to be sure you're the only one with access to your files.

Maxtor OneTouch™ Puts You In Control
